Сценарий спектакля «Мэри Поппинс»

(по мотивам сказки П.Тревверс)

Постановки на английском языке являются составной и неотъемлемой частью всего учебно-воспитательного процесса в нашей школе. Помимо более глубокого овладения иностранным языком, осознания реалий языка, культуры другого народа подготовка спектакля и выступление на сцене позволяет каждому ребёнку раскрыть своё внутреннее «я», научиться владеть собой, прислушиваться к мнению других, доказывать свою точку зрения, работать в команде, творить. Как горят глаза детей на репетициях, сколько идей, эмоций, споров, смеха, общения. Чего стоит чувство приобщения к большому совместному творческому делу. Быть услышанным и понятым. Это так важно для ребят.
